

Amendments to the Claims:

The following listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Currently Amended) A method for processing a material which is kept in a flexible packing ~~container (1),~~container, wherein comprising:
adding at least one second material or material mixture ~~is added~~ to the material or material mixture arranged in the packing ~~container (1)~~container via a filling ~~opening (4)~~opening arranged provided on the packing ~~container (1),~~container,
closing the filling ~~opening (4)~~opening and mixing the materials ~~are mixed~~ in the packing container, part of the packing ~~container is~~container being detached, and the material ~~mixture is~~mixture being processed via the opening formed in the packing container.
2. (Currently Amended) The method as claimed in claim 1, ~~characterized in that~~
wherein the part of the packing container which is detached is torn off by ~~means of~~fusing a tear-off ~~device (9, 10).~~device.
3. (Currently Amended) The method as claimed in ~~claim 1 or 2,~~
that claim 1, wherein the material mixture is processed directly from the packing container.
4. (Currently Amended) The method as claimed in ~~claim 1, 2 or 3,~~
in that, claim 1, wherein before the packing container is closed, the excess air is pressed out of the packing container.
5. (Currently Amended) The method as claimed in ~~one of the preceding claims,~~
characterized in that claim 1, wherein the second material is put in up to a filling ~~mark~~
~~(11).~~mark.

6. (Currently Amended) The method as claimed in ~~one of the preceding claims,~~
~~characterized in that~~ claim 1, wherein the second material is taken from a further packing
container and is put into the first packing container via the filling opening.

7. (Currently Amended) The method as claimed in claim 6, ~~characterized in that~~
wherein at least one third material or material mixture is added to the second material before
the latter is put into the first packing container.

8. (Currently Amended) The method as claimed in claim 7, ~~characterized in that~~
wherein the second and third material or material mixture is mixed in the further packing
container before being put into the first packing container.

9. (Currently Amended) The method as claimed in ~~one of the preceding claims,~~
~~characterized in that~~ claim 1, wherein the packing ~~container (1)~~ container is ~~thrown~~
away disposable after the processing of the material mixture.

10. (Currently Amended) The method as claimed in ~~one of the preceding claims,~~
~~characterized in that~~ claim 1, wherein a processing tool for processing the material mixture
can be taken off the packing container.

11. (Currently Amended) The method as claimed in ~~one of the preceding claims,~~
~~characterized in that~~ claim 1, wherein the material or material mixture arranged in the packing
container ~~(1)~~ originates from industry, automotive industry, construction industry, foodstuffs
industry, cosmetics and health sector, medical and pharmaceutical sector or from agricultural
industry.

12. (Currently Amended) A packing container for carrying out the method as
claimed in ~~one of claims 1 to 11,~~ claim 1, comprising at least two walls of a flexible material,
~~characterized in that~~ wherein a filling ~~opening (4)~~ opening is arranged on the packing
container.

13. (Currently Amended) The packing container as claimed in claim 12, ~~characterized in that~~ wherein a tear-off device ~~(9, 10)-device~~ is ~~arranged~~provided on the packing container.

14. (Currently Amended) The packing container as claimed in ~~claim 12 or 13,~~ ~~characterized in that~~ claim 12, wherein a bottom element ~~(7)-element~~ is ~~arranged~~provided on the packing container.

15. (Currently Amended) The packing container as claimed in claim 12, ~~13 or 14,~~ ~~characterized in that~~ wherein the tear-off device comprises a ~~score (10)-score.~~

16. (Currently Amended) The packing container as claimed in claim 15, ~~characterized in that~~ wherein the ~~score (10)-score~~ is produced mechanically or by ~~means of~~ a energy beam, in particular a laser.

17. (Currently Amended) The packing container as claimed in ~~claim 15 or 16,~~ ~~characterized in that~~ claim 15, wherein the tear-off device additionally comprises a ~~notch (9)-notch.~~

18. (Currently Amended) The packing container as claimed in ~~one of claims 12 to 17,~~ ~~characterized in that~~ claim 12, wherein the wall of the packing container comprises a multilayer polymer material.

19. (Currently Amended) The packing container as claimed in ~~one of claims 12 to 18,~~ ~~characterized in that~~ claim 12, wherein a processing tool is detachably ~~arranged~~provided on the packing container.
